
La Torre Golf Resort - nearby wok buffet

About 1 mile down the service road, towards Roldan a new Wok Buffet has opened giving some more choice for eating out when staying at the resort.

I went the other night and the food is great. All fresh ingredients cooked while you watch.

Definately worth a visit - also a good time to call in Topsy's Irish Sports Bar nearby.

Wok buffet is excellent, took the wife and kids plenty of choice and service good. Olympics was on the big screen at Tipsys which is a sports bar next door, atmosphere buzzing. Definately worth a visit.
