
Galacia for a coastal highland vacation

Posted by chithanh119 - 2009/06/25 15:22

Galicia actually.....just stumbled on this amazing part of the world. It's the north-western part of Spain which has serene mountainous regions and beautiful valleys.... a perfect destination for a romantic holiday. The best option to lodge would be self-catering hotels and apartments.

An interestingly, this part of Spain was believed by the Romans as the edge of the world!!

Regards.
