
What's your favorite Hotel in Bibione?

I will be visiting Bibione this year and want a review of that place from you people. Please suggest me any names for a suitable and decent hotel in Bibione. The rooms should be neat because cleanliness is important and should be spacious. One more thing is that the reception staff should be very pleasant and helpful because grouchy faces may spoil my mood of enjoyment. Your suggestions are welcome.

Hi friend,

It's very good that you have decided to go Bibione. It's really a good tourist place in Venetian coast. I was there last time and got all the things to enjoy. I know a hotel called Hotel Bibione, which is having good qualities staff and reception, it has a nice swimming pool where you can refresh yourself, it's really a wonderful hotel of Bibione. I hope it will satisfy all your points and make your stay a pleasant one. .

I actually was in Bibione earlier this summer, renting a property with the website www.holistay.com/spain/ would recommend this place to you! Only had to deal with agents twice in total and they were really nice!

I also checked out other sites which offer hotels but I thought renting was the best idea! anyway have a look at <http://www.bibione.com/de/index.aspx> and http://www.abaviaggi.it/de/hotels_bibione.html

Hope that helps frendy! x

My favorite is Country Inn and Suites. I stayed at the one in Newport News, Virginia and it was very nice.

Cozy hotel, nice rooms, great price and the amenities are wonderful. Free freshly baked cookies, free daily papers, a library of books you can borrow (they just ask that you return it the next time you stay at a Country Inn), and the one I stayed at had a great pool/spa and a wonderful (complimentary) continental breakfast with different food each day (fresh homemade waffles!)

Hi Friend.., My favorite vacation destination is Istanbul, Turkey.. It is one of the provinces that best illustrates this aspect of the Marmara region. Thanks to the constant very humid climate of Istanbul, An increase in mediterranean flora is observed in the warmer areas to the south of the city especially on the Princes' Islands, is the only place in Istanbul with a mediterranean vegetation...

I like Palace Hotel Regina mostThis modern hotel in Bibione offers comfortable four-star accommodation in a pleasant central location close to the beach. The attractive Adriatic resort of Bibione lies just a few miles north of Venice on Italy's northeastern coast..

All hotels are family run and guests are treated like family. 37. If asparagus is your favorite vegetable, Bibione is the white asparagus capital of Italy
